The Campus Assessment, Response & Evaluation (CARE) Team is committed to improving campus safety and student success by evaluating individuals that may pose a risk safety of themselves or others. The team coordinates with students, faculty, and staff as well as concerned others to identify, assess, and intervene with individuals of concern.

The CARE Team strives to:

• Provide early assistance to individuals in distress or at risk of harming themselves or others
• Help prevent situations of concern from escalating
• Ensure the well-being and safety of the university community
• Work collaboratively with faculty, staff, administration, and concerned others
• Educate the campus community about identifying concerning behaviors
• Create a campus culture that fosters sharing concerns

More information on behaviors that might be a cause for concern, and the reporting process is available online through the CARE Team website (https://www.cuanschutz.edu/student/support/care-team/), or via a phone consultation at 303.724.8488.

• Can provide sufficient documentation of current need
• Must exhaust all other possible financial resources (student loans, Medicaid, personal financial accounts, family/friends, etc.) before applying for student emergency funds

Additional information on eligibility, application process, and other resources are available via the CU Anschutz Shares website (https://www.cuanschutz.edu/student/support/cu-anschutz-shares/), or by emailing cuanschutzshares@ucdenver.edu, or calling 303-724-2866.

Disability Resources & Services
Disability Resources & Services envisions an educational environment that is inclusive and embodies the equality of opportunity. We work with students with disabilities to provide equal access to an education and do so by providing advocacy, accommodations, and referrals to on-campus resources and off-campus community resources.

The DRS staff members also work closely with faculty and staff in an advisory capacity to assist with the development of reasonable accommodations. This partnership allows students with disabilities to demonstrate their abilities in both the classroom and clinical settings. Accommodations include but are not limited to: alternative testing (extra time for exams, taking exams in a reduced distraction environment), digital textbooks, captioning services, interpreting services, special furniture, and assistive technology.

Medical Malpractice Coverage

The University’s medical malpractice coverage is provided through a Self-Insurance Trust (the “Trust”) authorized and established pursuant to a resolution of the Regents of the University of Colorado. This coverage is subject to the terms of the Trust’s Coverage Document and extends to health care practitioners-in-training who are enrolled a the University. Health care practitioners-in-training are considered “public employees,” and therefore, their liability in any medical malpractice action is limited by the Colorado Governmental Immunity Act (C.R.S. 24-10-114).

This coverage applies to the persons described above while they are involved in any activity or program that is part of the academic program and which has received the prior approval of their respective school at the Anschutz Medical Campus regardless of where such activity or program may take place, as long as it occurs within the U.S. In the event
that the activity takes place in a state other than Colorado, and a court
determines that the limits of the Colorado Governmental Immunity Act do
not apply, the Trust provides coverage of at least $1,000,000 per incident.
For further information, please contact Professional Risk Management at
303-724-7475

Students who agree to participate in and are approved for any
educational or training program outside the U.S. are advised that the
University of Colorado Self-Insurance and Risk Management Trust does
not provide malpractice coverage for their activities outside of the U.S.
