CU Anschutz: Where Tomorrow’s Breakthroughs Happen Today

The University of Colorado Anschutz Medical Campus is the largest academic health center in the Rocky Mountain region, and a world-class medical destination at the forefront of transformative education, science, medicine, and healthcare.

The campus includes the University of Colorado health professional schools, multiple centers and institutes and two nationally ranked hospitals, UCHealth University of Colorado Hospital and Children’s Hospital Colorado, which treat nearly 2 million patients each year. All interconnected, these organizations collaboratively improve the quality of patient care they deliver, research they conduct, and health professionals they train.
