

PALLIATIVE CARE (MS)

The Palliative Care Program is a collaborative, interprofessional degree that pools expert faculty from CU's School of Medicine, College of Nursing, Skaggs School of Pharmacy, and Graduate School.

The Master of Science Degree in Palliative Care along with the Interprofessional Graduate Certificate in Palliative Care aim to ease suffering worldwide for those patients and families living with serious illness through exemplary palliative care education.

These programs develop Palliative Care Community Specialists through innovative educational pedagogies designed to facilitate learning for healthcare providers and allied health professionals in up-to-date, evidence-based, interdisciplinary palliative care concepts using an online virtual learning environment that offers flexible application-based approaches.
