## Overview

CU Denver International Admissions facilitates the evaluation of international academic credentials for international graduate applicants, as well as US citizens, permanent residents, and other applicants who have studied outside the United States before studying at CU Denver. We also manage the English language proficiency policy for international graduate applicants.

This page contains information for international applicants to graduate programs. For information about applying to an undergraduate program as an international student, please visit this page (<http://catalog.ucdenver.edu/cu-denver/undergraduate/admissions/international-admissions/>).
