

NON-DEGREE ADMISSIONS

Do you want to explore CU Denver before applying to a degree program? Would you like to complete a course for professional development or transfer credits to another institution? If so, non-degree admission is right for you.

*Note that if you already have a bachelor's degree, you will need to complete the graduate non-degree application. As a graduate non-degree student, you still will have the option to enroll in undergraduate course work. If you want to take specific courses requiring pre-requisites, we recommend that you contact the Registrar's office at registrar@ucdenver.edu before you apply.

Certificate/Continuing Professional Programs

Professionals who want to advance their careers or learn a new skill can earn a certificate from CU Denver. Our certificate programs provide specialized information delivered by knowledgeable professors. Additionally, our continuing education classes help you stay current with developments in your field.

*If you want to enroll in courses identified as Continuing and Professional Education (<http://www.ucdenver.edu/academics/continuing-education/Pages/>), do not apply for non-degree admission. See your program for application information.
