

RISK MANAGEMENT GRADUATE CERTIFICATE

Introduction

Broaden your knowledge of risk management by completing a one-year Graduate Certificate in Risk Management from the University of Colorado Denver. By completing four semester-long RMI courses, all available online, and meeting a prior finance course requirement, you will be on your way to enhancing your personal knowledge and providing your employer with RMI awareness and professional skills. Previous coursework and some professional designations may waive the prerequisites.

The Risk Management and Insurance industry is actively seeking young talent and the RMI program has 100% job placement of our graduates at competitive salaries. 50% of this industry is retiring in the next 5 to 10 years, leaving a huge need for new talent. The pervasive reality of risk affects all individuals and organizations. Specialized knowledge and understanding of risk increase students' marketability and potential for success across a wide range of industries.

This certificate is for students currently pursuing a degree in any graduate discipline who want to expand their business and knowledge of risk management to give themselves a leg up when they enter the workforce. Degree-seeking students are eligible to apply for RMI scholarships each semester they are enrolled in a certificate course. However, this certificate can also be taken by those who have completed their degree.

Students can pursue this certificate, even if they are not CU Denver students. Credit earned as a part of the certificate **does** count towards a full graduate MBA or master's degree at CU Denver.

Potential Career Opportunities in Risk Management:

• Underwriter • Broker • Risk Manager • Claims Adjustor • Risk Analyst • Account Executive • Loss Control • Agent

Add an RMI Certificate to your degree in:

• Business • Economics • Math • Actuarial Science • Criminal Justice • Information Technology • Engineering • Other Majors

See the Risk Management Graduate Certificate (<https://business.ucdenver.edu/academics/professional-development/credit-certificates/risk-management-and-insurance-graduate/>) page for more information.

Program Delivery

- This certificate can be completed fully online or through a combination of on-campus and online classes in as little as one year.

Declaring This Certificate
