INTERNATIONAL ENTREPRENEURSHIP CERTIFICATE

International Entrepreneurship Certificate

Offered jointly with CU Denver's Center for International Business Education and Research (CIBER), the International Entrepreneurship Badge is an exciting, 3-course certificate program in International Entrepreneurship. Designed with the global entrepreneur in mind, this certificate empowers students with a balanced synergy of educational fundamentals and experiential opportunities needed to succeed internationally with topics like digital globalization, global supply chain, and opportunity identification. The certificate is designed to provide a foundation for internationally based entrepreneurship skills that are applicable for startups and large companies alike. Courses are taught by leading practitioners and entrepreneurs and often include guest presentations from leading industry partners in the US and Colorado.

All three courses from this certificate are eligible to count towards the Master of Science in Entrepreneurship.

Students can pursue entrepreneurship certificates even if they are not CU Denver degree-seeking students. The GMAT is not required. Classes are taught in a variety of formats, including in-person (evening), online, and hybrid. They are offered in 8-week or 16-week timeframes during the Fall, Spring, and Summer semesters.

Optional International Entrepreneurship Badge

Students interested in taking one additional International Business based course are eligible to receive an International Entrepreneurship badge in addition to the certificate. The badge is granted by the Institute for International Business. For questions about the badge opportunity, contact Manuel.Serapio@ucdenver.edu.

Scholarships

At the graduate level, scholarships exclusive to entrepreneurship are available to only in-state students. Any in-state student, degree-seeking or non-degree, who is currently enrolled in an ENTP course(s) is eligible and strongly encouraged to apply. However, out-of-state students are charged in-state tuition for all entrepreneurship courses. For more information, please visit jakejabscenter.org/tuition-and-scholarships.

Program Requirements

1. Students must pass required courses with a grade of C or higher to earn this certificate
