**MEDIA FORENSICS, MS**

Graduate School Policies and Procedures (http://catalog.ucdenver.edu/cu-denver/graduate/graduate-school-policies-procedures/) apply to this program.

Please click here (http://catalog.ucdenver.edu/cu-denver/graduate/schools-colleges-departments/college-arts-media/music-entertainment-industry-studies/) to see general Music & Entertainment Industry Studies information.

**Introduction**

The Master of Science in Media Forensics (MSMF) prepares students from various backgrounds for work in the field of forensic audio, video and image analysis, utilizing the state-of-the-art methods and technology necessary to fight crime in the digital age. Housed in the National Center for Media Forensics (NCMF), this program is unique in providing a hybrid format (online and onsite) graduate education in forensic multimedia analysis.

Students from related disciplines (media production, electrical engineering, forensics, computer science, etc.) are encouraged to apply, as this program enhances scientific inquiry while guiding students through a cohort curriculum. The hybrid delivery format affords students the ability to work full-time while completing most of the program online with additional onsite study at the NCMF and its partner institutions. Classes are comprised of online self-guided lectures, interactive learning, discussion boards, reading responses and scheduled video conferencing. Onsite course work provides students hands-on and practical experiences which augment and enrich the curriculum. Additionally, experiential learning activities include visits to regional crime labs and scientific conferences to understand the application of forensic media technology and laboratory procedures.

Courses lead students through three areas of study: foundational knowledge, core analyses and capstone experiences, which fully prepare students for research in forensic science and expert witness testimony. Digital media evidence acquisition through computer forensics applications is emphasized in an environment that fosters creativity and individual skills. The research thesis on a topic of the student’s choosing is conducted under the advisement of the Director of the NCMF with input from forensic professionals from around the world. The thesis is a topic of exploration throughout the program and serves to enhance a graduate’s area of specialty as they prepare for work in private forensic practice, corporate research and development, academic research and teaching, or crime labs at the local, state and federal levels.

## MS Media Forensics Application

Admission to the MSMF program is competitive. The MSMF program accepts students in the fall only. Admission decisions are made by committee and are based on the entirety of the applicant’s submitted materials. Admission to the program is contingent upon:

- Formal documentation of an earned bachelor’s degree in a related field. (International students must document an equivalent.) Undergraduate degrees from other disciplines will be considered with proper support from application components.
- For international students, submission of proof of English Language Proficiency. Please contact the Office of International Admissions (http://catalog.ucdenver.edu/cu-denver/graduate/international-admissions/) for more information.

**Application Components**

Required application components include:

- Graduate Application for Admission
- Application Fee
- Entrance Examinations: TOEFL/IELTS or other evidence of English proficiency, if applicable
- Official Transcripts
- Cover Letter
- Resume
- Three (3) Letters of Recommendation
- Two (2) Technical Writing Samples

Applications that do not include all of the requirements or that include partial components are considered incomplete and will not be reviewed.

International applicants are encouraged to visit the Office of International Admissions website for detailed information.

Application requirements are subject to change. Refer to the National Center for Media Forensics MSMF program website for detailed information and updates regarding the application process and requirements.

**Curriculum**

The MSMF program comprises 33 semester hours of credit: 29 hours are required courses and 4 hours are thesis. All courses must be completed with a grade of B- (2.7) or better and students must maintain at least a 3.0 cumulative GPA. Grades of C+ (2.3) or lower, or a cumulative GPA below 3.0, will result in the student’s dismissal from the program. Students are admitted to the program in the fall as a cohort, and must follow the curriculum in sequence.

#### Year 1

**Fall**
- MSMF 5100: Forensic Science and Litigation (3 hours)
- MSMF 5150: Research Practices in Media Forensics (3 hours)

**Spring**
- MSMF 5000: Experiential Lab (1 hour)
- MSMF 5200: Foundations in Media Forensics (3 hours)
- MSMF 5250: MATLAB Foundations (2 hours)

**Summer**
- MSMF 5300: Computer Forensics (3 hours)
- MSMF 5350: Mobile Phone Forensics (1 hour)

**Hours**: 6

#### Year 2

**Fall**
- MSMF 5000: Experiential Lab (1 hour)
- MSMF 5400: Forensic Audio Analysis (3 hours)
- MSMF 5450: MATLAB for Forensic Audio Analysis (1 hour)

**Spring**
- MSMF 5000: Experiential Lab (1 hour)
- MSMF 5500: Forensic Video and Image Analysis (3 hours)
- MSMF 5550: MATLAB for Forensic Video and Image Analysis (1 hour)

**Summer**
- MSMF 5600: Report Writing and Court Testimony (3 hours)

**Hours**: 5

#### Year 3

**Fall**
- MSMF 6900: Research Thesis in Media Forensics (4 hours)

**Total Hours**: 33
