

ADVISING AND OTHER STUDENT SERVICES

The CU Denver academic advising community recognizes the importance of having access to accurate information and support when you need it.

We can help you connect with your advisor, find the most updated degree maps, and understand university academic policies. Advisors assist students, navigate and personalize their college experience, connect them with the right resources, and guide them along their entire academic journey.

This information and the resources in Undergraduate Academic Advising (<https://www.ucdenver.edu/student/advising/undergraduate/>) are designed for students in **undergraduate programs**.

In addition to our advising services, CU Denver offers other valuable resources for our Undergraduate Students to help you navigate your time here at CU Denver.
