The Center for Undergraduate Exploration & Advising is a resource for students still exploring major and career pathways at CU Denver. We welcome students who are still deciding on a major, planning to change their major, and/or looking to supplement their current major with a minor or certificate program. In addition to being a general resource for exploratory students, the CUE&A Success Advisors serve as primary Success Advisors for:

- College of Liberal Arts & Sciences (CLAS) Undeclared Students
- First-year Students (under 30 credits) in the College of Arts & Media (CAM)
- Undergraduate Non-Degree Students

We also invite prospective students needing a general overview of the many academic and major opportunities at CU Denver to meet with a CUE&A Success Advisor.
