Business (BUSN)

BUSN 1100 - College Success (1 Credit)
This course features skills, strategies, resources, dispositions, and behaviors that lead to success as a college student. In addition to practicing key academic proficiencies, such as writing, critical thinking, and analysis, students will learn to navigate the university system and utilize its support mechanisms and offices. BUSN 1100 will also feature a number of engaged learning strategies, including service learning, common intellectual experiences across sections, out-of-class engagement, self-reflection, and collaborative learning. The goal is to create capable, confident, and conscientious citizens of the CU Denver community. Restriction: Restricted to freshman level Business School majors. This is a business core course therefore a grade of a ‘C’ or better must be earned to satisfy Business graduation requirements. Max hours: 1 Credit.
Grading Basis: Letter Grade
Restriction: Restricted to freshman level Business School majors.
Typically Offered: Fall, Spring.

BUSN 1110 - Intro to Investment Services Careers (1 Credit)
Open to all majors! Provides a comprehensive overview of careers in the Investment Services industry. Emphasis will be on interactions with industry professionals to provide hands-on knowledge and opportunities for in-depth discussion. Students are required to participate in a site visit to an investment services company during the course. Max hours: 1 Credit.
Grading Basis: Satisfactory/Unsatisfactory
BUSN 1200 - Career and Professional Development (3 Credits)
This first year course develops a student's professional skills, providing knowledge on key factors for early and long-term career success. Through applied learning and career-oriented experiences, the course covers: career and major exploration, student resources, resume writing, interview skills, business communications, professional etiquette, emotional intelligence, time management, ethical behavior, and workplace expectations. Students will have opportunities to develop their own professional network with business leaders as new members of the Business School. Restriction: Restricted to freshman level Business School majors. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to freshman and sophomore level Business School majors.
Typically Offered: Fall, Spring.

BUSN 2110 - Cultivating Emotional Intelligence (1 Credit)
This course delves into the social and emotional skills that sustain positive relationships at school and at work. It highlights the foundational and related skills of empathy and "emotional intelligence," also known as EQ, which refers to the skills of identifying and regulating our own feelings, tuning into the feelings of others, and understanding their perspectives, and using this knowledge to guide us toward constructive social interactions. We'll assess current emotional and social intelligence skills, and you will discover the Foundational 4 Quadrants of Emotional and Social Intelligence (ESI) to understand, use and manage emotions. Topics covered in this course apply to student academic success and personal and professional development. Restrictions: Restricted to undergraduate majors within the Business School. This is a business core course therefore a grade of a 'C-' or better must be earned to satisfy Business graduation requirements. Max hours: 1 Credit.
Grading Basis: Letter Grade
Restrictions: Restricted to undergraduate majors within the Business School.
Typically Offered: Fall, Spring.

BUSN 3110 - Career and Professional Development (1 Credit)
This course develops a student's academic and professional skills, providing knowledge on key factors for early and long-term academic and career success. Through applied learning and career-oriented experiences, the course covers: career and major exploration, student resources, resume writing, interview skills, business communications, professional etiquette, and workplace expectations. Students will have opportunities to develop their own professional network with other students and business leaders as new members of the Business School. Topics covered in this course apply to student professional development. This is a business core course therefore a grade of a 'C-' or better must be earned to satisfy Business graduation requirements. Restriction: Restricted to undergraduate majors (BSBA majors) within the Business School and BS Data Science majors. Max hours: 1 Credit.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate majors (BSBA majors) within the Business School and BS Data Science majors.
Typically Offered: Fall, Spring.

BUSN 4100 - Empowering Women in Business (3 Credits)
This course focuses on empowering women to advance in business. Focus on understanding gender equity issues, developing strong emotional intelligence and problem-solving skills and provides networking opportunities. Students will develop an understanding of the practical issues women face in business and effective skills to overcome roadblocks to advancement. Restriction: Restricted to students with Junior standing. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to Junior standing or higher.
Additional Information: Denver Core Requirement, Cultural Diversity.
Typically Offered: Fall.

BUSN 4950 - Special Topics (1 Credit)
Research methods and results, special topics and professional development in business. Prerequisites vary according to topic and instructor requirements.
Grading Basis: Satisfactory/Unsatisfactory
Repeatable. Max Credits: 3.

Accounting (ACCT)

ACCT 2200 - Financial Accounting and Financial Statement Analysis (3 Credits)
Introductory course consisting of a broad range of topics related to financial accounting including financial analysis and interpretation of financial statements. Discussion of the role of accountants and the accounting profession. Prereq: MATH 1060, or MATH 1070, or MATH 1080, or MATH 1109, or MATH 1110, MATH 1130, or MATH 1401 with a grade of C- or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: MATH 1060, or MATH 1070, or MATH 1080, or MATH 1109, or MATH 1110, MATH 1130, or MATH 1401 with a grade of C- or higher.
ACCT 2220 - Managerial Accounting and Professional Issues (3 Credits)
Introduces managerial accounting and how to use accounting information to make decisions. Principal focus on cost behavior analysis, budgeting/profit planning and product/service costing. Prereq: MATH 1070, or MATH 1060, or MATH 1080, or MATH 1110, or MATH 1120, or MATH 1130, or MATH 1401 with a grade of C- or higher and ACCT 2200 with a C- or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: MATH 1070, or MATH 1060, or MATH 1080, or MATH 1109, or MATH 1110, or MATH 1120, or MATH 1130, or MATH 1401 with a grade of C- or higher and ACCT 2200 with a C- or higher.
Typically Offered: Fall, Spring, Summer.

ACCT 3220 - Intermediate Financial Accounting I (3 Credits)
A foundation course in financial accounting, this course provides an intensive analysis of generally accepted accounting principles, accounting theory and the construction and interrelation of financial statements for corporations. Encourages critical thought and application of financial accounting standards to business transactions. A grade of C- or higher is required in this course to proceed to the next level ACCT course. Note: Students cannot receive credit for both ACCT 3220 and ACCT 6031. Prereq: ACCT 2220 and BANA 2010 both with a grade of 'C-' or higher. Cross-listed with ACCT 6031. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: ACCT 2220 and BANA 2010 both with a grade of 'C-' or higher.
ACCT 3230 - Intermediate Financial Accounting II (3 Credits)
Continuing the intensive coverage of financial accounting from ACCT 3220, this course covers concepts of financial accounting theory and generally accepted accounting principles not covered in ACCT 3220. This includes detailed coverage of liabilities and equity, especially the topics of leases, deferred taxes, pensions and stock options. Note: Students cannot receive credit for both ACCT 3230 and ACCT 6032. Prereq: ACCT 3220 with a C- or higher. Cross-listed with ACCT 6032. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: ACCT 3220 with a C- or higher.
ACCT 3320 - Cost Analytics (3 Credits)
Cost accounting links financial and managerial accounting and emphasizes communication between accountants and managers. Topics include managerial uses of cost data for decision making, analysis of activities and cost behavior, the role of accounting in planning and control, and computer-assisted decision modelling. Prereq: ACCT 2220 and BANA 2010 both with a grade of 'C-' or higher. Cross-listed with ACCT 6070. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: ACCT 2220 and BANA 2010 both with a grade of 'C-' or higher.
ACCT 3939 - Internship (1-3 Credits)
Supervised experiences involving the application of concepts and skills in an employment situation. To enroll in an internship, students must work with the Experiential Learning Center on campus and have a 2.40 GPA or higher. Repeatable. Max Hours: 9 Credits.
Grading Basis: Satisfactory/Unsatisfactory
Repeatable. Max Credits: 9.
ACCT 4054 - Accounting Information Systems (3 Credits)
This course focuses on the analysis, design, implementation and control of accounting information systems. Emphasis is placed on primary business processes including documentation, modeling, retrieving information to support managerial decisions and controlling risks. Topics include transaction cycles, relational database modeling, data analytics and information systems risks and controls. Must earn a grade of C- or better to qualify for graduation at the UG level. Note: Students cannot earn credit for both ACCT 4054 and ACCT 6054. Prereq: ACCT 3220 with a grade of C- or higher and ISMG 2050 with a grade of C- or higher. Cross-listed with ACCT 6054. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: ACCT 3220 with a grade of C- or higher and ISMG 2050 with a grade of C- or higher.
ACCT 4240 - Advanced Financial Accounting (3 Credits)
Advanced financial accounting concepts and practices with an emphasis on accounting for equity investments, business combinations, and foreign currency. Note: Students cannot receive credit for both ACCT 4240 and ACCT 6024. Prereq: ACCT 3230 or ACCT 6030 or ACCT 6032 each with a grade of C- or higher, or department consent. Cross-listed with ACCT 6024. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: ACCT 3230 or ACCT 6030 or ACCT 6032 each with a grade of C- or higher.
ACCT 4370 - International Accounting (3 Credits)
This course provides an overview of the broadly defined area of international accounting from a financial statement user perspective, focusing on accounting issues uniquely relevant to multinational corporations. Includes discussion of some of the different financial accounting practices cross countries; financial statement analysis in a global context, international auditing practices and procedures, and international tax implications. Prereq: ACCT 3220 with a grade of C- or higher. Cross-listed with ACCT 6370 and INTB 6370. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: ACCT 3220 with a C- or higher.
ACCT 4410 - Fundamentals of Federal Income Tax (3 Credits)
Provides a basic understanding of the structure of the federal income tax system. Focuses on laws affecting individuals and business entities that have implications for individual taxation. Note: Students cannot receive credit for both ACCT 4410 and ACCT 6140. Prereq: ACCT 3220 with a C- or higher. Cross-listed with ACCT 6140. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: ACCT 3220 with a C- or higher.
ACCT 4420 - Taxation of Business Entities (3 Credits)
Provides an in-depth understanding of the structure of the federal income tax system as it relates to different taxable entities, particularly corporations (both C corporations and S corporations) and partnerships. Note: Students cannot receive credit for both ACCT 4420 and ACCT 6150. Prereq: ACCT 4410 with a C- or higher. Cross-listed with ACCT 6150. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: ACCT 4410 with a C- or higher.
ACCT 4520 - Oil and Gas Accounting and Sustainability (3 Credits)
Provides an overview of the oil and gas industry and the accounting issues this industry faces. While this is the primary focus, the class also covers sustainability and sustainability reporting and renewable energy sources and a discussion of related accounting considerations. This includes coverage of Environmental, Social, and Governance (ESG) topics due to the importance to accountants and business leaders in not only energy and energy-related industries, but all industries. This is a valuable learning experience for those interested in acquiring an understanding of the accounting issues for energy management firms in preparation for entry into public accounting or into an accounting or finance department in a company in the energy sector. The course enjoys support from the energy industry in the form of guest speakers and project ideas. Prereq: ACCT 3220 with a grade of C- or higher. Cross-listed with ACCT 6520. Max Hours: 3 credits.
Grading Basis: Letter Grade
Prereq: ACCT 4410 with a C- or higher.
ACCT 4520 - Oil and Gas Accounting and Sustainability (3 Credits)
Provides an overview of the oil and gas industry and the accounting issues this industry faces. While this is the primary focus, the class also covers sustainability and sustainability reporting and renewable energy sources and a discussion of related accounting considerations. This includes coverage of Environmental, Social, and Governance (ESG) topics due to the importance to accountants and business leaders in not only energy and energy-related industries, but all industries. This is a valuable learning experience for those interested in acquiring an understanding of the accounting issues for energy management firms in preparation for entry into public accounting or into an accounting or finance department in a company in the energy sector. The course enjoys support from the energy industry in the form of guest speakers and project ideas. Prereq: ACCT 3220 with a grade of C- or higher. Cross-listed with ACCT 6520. Max Hours: 3 credits.
Grading Basis: Letter Grade
Prereq: ACCT 4410 with a C- or higher.
ACCT 4620 - Auditing Theory (3 Credits)
Focus on the professional responsibilities of CPAs (Certified Public Accountants), generally accepted auditing standards, and PCAOB (Public Company Accounting Oversight Board) standards, with emphasis on the theory underlying the development of standards, objectives and procedures. Prereq: ACCT 3220 with a grade of C- or higher. Coreq: ACCT 4054.Cross-listed with ACCT 6020. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: ACCT 3220 with a grade of C- or higher. Coreq: ACCT 4054.
ACCT 4800 - Accounting for Government and Not-for-profit Organizations (3 Credits)
Study the regulatory accounting guidance of the Governmental Accounting Standards Board (GASB), Financial Accounting Standards Board (FASB) and Federal Accounting Standards Advisory Board (FASAB) and its application to financial reporting for the federal government, local and state governments, and not-for-profit organizations. Note: Students cannot receive credit for both ACCT 4800 and ACCT 6080.
Prereq: ACCT 3220 with a C- or higher. Cross-listed with ACCT 6080. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate students with 45 credit hours or more. Max hours: 3 Credits.

ACCT 4840 - Independent Study (1-8 Credits)
Restriction: Restricted to undergraduate Business majors with junior standing or higher. Max hours: 8 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate Business majors with junior standing or higher
ACCT 4950 - Special Topics (3 Credits)
Research methods and results, special topics and professional developments in accounting. Consult the current 'Schedule Planner' for semester offerings. Prereq: Varies according to topic and instructor requirements. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Repeatable. Max Hours: 9 Credits.
Grading Basis: Letter Grade
Repeatable. Max Credits: 9.
Restrictions: Restricted to undergraduate majors within the Business School.

Business Analytics (BANA)

BANA 2010 - Business Statistics (3 Credits)
Basic principles of probability and statistics with applications in business. Includes descriptive statistics, probability and probability distributions, data collection, sampling distributions, statistical inference, simple regression and the use of a computer to perform statistical analysis. Students are required to present their analyses in written and/or oral form and defend their conclusions. This is a business core course. Therefore a grade of a 'C' or better must be earned to satisfy Business graduation requirements and prerequisites for other Business courses.
Prereq: MATH 1060, or MATH 1070, or MATH 1080, or MATH 1109, or MATH 1110, MATH 1130, or MATH 1401 with a grade of C- or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: MATH 1060, or MATH 1070, or MATH 1080, or MATH 1109, or MATH 1110, MATH 1130, or MATH 1401 with a grade of C- or higher.

BANA 3000 - Operations Management (3 Credits)
Introduces the concepts and methods commonly used in manufacturing and service operations. Topics include aggregate planning, inventory control, scheduling, quality control, and linear programming. This is a business core course. Therefore a grade of a 'C' or better must be earned to satisfy Business graduation requirements. Prereq: BANA 2010 and ACCT 2200 both with a grade of C- or higher. Restriction: Restricted to undergraduate students with 45 credit hours or more. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: BANA 2010 and ACCT 2200 both with a grade of C- or higher. Restriction: Restricted to undergraduate students with 45 credit hours or more.
Typically Offered: Fall, Spring, Summer.

BANA 4110 - Business Analytics Process (3 Credits)
This course introduces the processes, tools, and techniques essential to Business Analytics. Students will learn about the business analytics life cycle. Along the way, students will learn about database access tools, and extracting, transforming, and loading data sets (ETL). This is followed by exploratory data analysis (EDA). Students will learn fundamental programming concepts and common syntax for the Python programming language to construct models and propose business solutions. Throughout this process a variety of data visualization methods will be used, and the use of clear and impactful data storytelling will be emphasized. Prereq: BANA 2010. Restriction: Restricted to students with Junior status. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: BANA 2010. Restriction: Restricted to students with junior status. Typically Offered: Fall.

BANA 4120 - Forecasting Techniques (3 Credits)
This course will explain and utilize popular time series techniques, as well as cross-sectional forecasting techniques. Students will learn forecasting methodologies applicable to marketing, finance, accounting, human resources management, as well as supply chain and production management decision-making. This course focuses on practical applications of forecasting techniques, choosing and comparing appropriate methods, and applying the results to workplace situations. Students will utilize Excel for data-based forecasting tasks, as well receive some exposure to utilizing R and SAS analytics software packages. Other topics may be covered, as time and student interest allows. Prereq: BANA 2010. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: BANA 2010. Typically Offered: Fall, Spring.

BANA 4840 - Independent Study (3 Credits)
Restriction: Restricted to undergraduate Business majors with junior standing or higher. Repeatable. Max Hours: 9 Credits.
Grading Basis: Letter Grade
Repeatable. Max Credits: 9.
Restriction: Restricted to undergraduate Business majors with junior standing or higher.

BANA 4850 - Special Topics in Business Analytics (3 Credits)
Course offered on an irregular basis for the purpose of presenting new subject matter in Business Analytics. Prereq: Will vary depending upon the particular topic and instructor. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate Business majors with junior standing or higher

Business Law (BLAW)

BLAW 3050 - Business Law and Ethics (3 Credits)
Students are taught to identify & resolve legal and ethical issues. Topics include contracts, torts, criminal law, constitutional law, business organizations, employment law, intellectual property and real property law. This is a business core course therefore a grade of "C" or better must be earned to satisfy Business graduation requirements. Restriction: Restricted to undergraduate students with 45 credit hours or more. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate students with 45 credit hours or more.
BLAW 3100 - Legal and Ethical Implications of Risk (3 Credits)
Topics include contracts, torts, constitutional law, intellectual property, agency, business organizations, employment law, and real property law. Special focus is placed on the relationship between insurance and risk and the topics covered. May be taken in lieu of BLAW 3050. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate Business majors with junior standing or higher
Typically Offered: Fall, Spring, Summer.

BLAW 4121 - Legal and Ethical Implications of Risk (3 Credits)
Skills in legal and factual analysis and the application of ethical theories are advanced and refined through cases. Topics: insurance law, personal property and intellectual property law, agency, business entities, securities, employment law, and consumer law. Focus is placed on the relationship between insurance, risk and the covered topics. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate Business majors with junior standing or higher
Typically Offered: Fall, Spring, Summer.

BLAW 4140 - Negotiation Skills/Property: Effective Strategies (3 Credits)
Course covers real and personal property law, including ownership, title, landlord/tenant, easements, environmental law, and zoning. Emerging issues in intellectual property are also reviewed, including U.S. law and international treaties and agreements. Negotiation techniques through role-playing are emphasized. NOTE: This course is an elective course and my not be used to fulfill the CORE BLAW 3050 course. Meets concurrently with MGMT 4140. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate Business majors with junior standing or higher

Business Minor (BMIN)

BMIN 1000 - Introduction to Business (3 Credits)
The business and economic landscape is introduced illustrating the challenges and opportunities in today's business environment. A foundation of traditional business disciplines is introduced including the principles and terminology employed in Marketing, Management, Finance, Accounting, Operations, and Economics. Note: Students may petition to waive the course with permission of the course instructor and substitute it with either a) an approved Business Fundamentals Minor elective, or b) a second Business Fundamentals Minor Capstone course, pending approval by the Business Fundamentals Program Director. Note: Students seeking a Minor in Business Fundamentals are encouraged to enroll in #BMIN#1000# as their first course. However, #BMIN#1000# may be taken as a co-requisite with #BMIN#3001, #3002# or 3003 or ENTP 3000.
Restriction: Students enrolled in the Business School are not eligible for this course. Cross-listed with MGMT 1000. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Students enrolled in the Business School are not eligible for this course.

BMIN 2200 - Career and Professional Development (3 Credits)
Students will explore their best career choices based on assessments and their personality type. They will learn what strengths they bring to a team and to their individual management style utilizing the Myers Briggs Type Indicator and Strong Interest Inventory assessments. Topics covered include: career exploration, career and internship planning, personality styles and strengths, working with executives, corporate culture overview, business trends and news, and analysis of Fortune 100 companies. Supplemental topics include: resume writing, effective interviewing, time management, business writing and hiring trends.
Restriction: Students enrolled in the Business School are not eligible for this course. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Students enrolled in the Business School are not eligible for this course

BMIN 3001 - Fundamentals of Management and Marketing (3 Credits)
Comprised of two modules focusing on essential concepts of Management and Marketing: 1) Management: Including organizational behavior concepts, leadership, management skills and methods, effective collaboration, and team dynamics 2) Marketing: Students will learn the fundamentals of modern marketing including market research, traditional versus digital marketing mix, audience segmentation, and sales strategies in service of building a comprehensive marketing plan. Note: Students cannot receive credit for BMIN 3001 if they have taken MGMT 3000 or MKTG 3000.
Restriction: Students enrolled in the Business School are not eligible for this course. Coreq: BMIN 1000 or MGMT 1000. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Students enrolled in the Business School are not eligible for this course

BMIN 3002 - Fundamentals of Accounting and Finance (3 Credits)
Comprised of two modules focusing on essential concepts of 1) Accounting: including the use of information in financial reports and in making business decisions, and 2) Finance: including financial markets, capital structure and time-value of money. Note: Students cannot receive credit for BMIN 3002 if they have taken ACCT 2200 or FNCE 3000.
Restriction: Students enrolled in the Business School are not eligible for this course. Coreq: BMIN 1000 or MGMT 1000. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Students enrolled in the Business School are not eligible for this course

BMIN 3004 - Principles of Strategic Management (3 Credits)
Students will examine the critical issues related to running sustainable businesses. Using the strategic management model as a framework, the course focuses primarily on developing and implementing corporate strategy. Topics covered include mission, vision and values; corporate social responsibility; competitive analysis; leveraging core competencies; developing a business model, and creating value. Supplemental topics include how to create competitive advantage through innovation, choosing an appropriate legal business entity, and managing risk. This is a capstone course and synthesizes key concepts from other Business Fundamentals Minor courses including entrepreneurship, accounting & finance, management, and marketing. Note: Students cannot receive credit for BMIN 3004 if they have taken MGMT 4500.
Restriction: Restricted to Junior-Level Standing. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to Junior-Level Standing.

Prereq: BMIN 1000 or MGMT 1000, BMIN 3001, BMIN 3002.
Commodities (CMDT)

CMDT 1000 - Introduction to Commodities (1 Credit)
Introduction to Commodities will expose students to the business side of commodity markets – energy, minerals, and agriculture. Students will learn about potential career options in commodities including risk management, supply chain, trading, and investment analysis. Students will have the opportunity to access various state of the art learning technologies that the J.P. Morgan Center for Commodities offer, such as: Bloomberg, Morningstar, and CQG through live demonstrations. This class will have the opportunity to meet and interact with guest speakers and industry executives as well as attend field trips to various commodity sites. Examples may include visiting Newmont Mining’s gold mine in Cripple Creek and visiting Excel Energy and/or Ardent Mills’ trading floors in downtown Denver to further learn the business skills required for these types of positions. Max hours: 1 Credit.
Grading Basis: Letter Grade

CMDT 2100 - The Future of Energy (3 Credits)
This class provides students with an introduction to energy and how it supports our everyday lives, from how these sources powers our homes, drives the food we eat, the clothes we wear and enables our mobility. Students will gain understandings of the various forms of energy, including both non- and renewable sources, including how these are produced, transported, traded, and consumed here in Colorado, in the U.S. and around the world. Students will explore key topics including energy emissions, climate change as well as topical geopolitical events related to energy. Importantly, students will research and provide opinions on realistic scenarios and opportunities that we may expect for our energy future. Max hours: 3 Credits.
Grading Basis: Letter Grade
Typically Offered: Fall.

CMDT 4490 - Commodity Trading (3 Credits)
This is a co-listed class with the J.P. Morgan Center for Commodities and the Finance Department. This course focuses on how securities and futures contracts are designed and traded including trading exchange operations, regulation, trading mechanisms and processes. Students will learn the theory and practice of securities and futures contract trading with a focus on hands-on trading experience using industry software (CQG and Bloomberg) as well use of data sources (Morningstar). In this course, we will review the origins of liquidity, volatility, price efficiency, and trading profits. Next we will cover a host of topics concerning equity and commodity trade execution strategies, such as why and how investors trade, what and when investors profit from investing and speculating, the key principles of high-frequency trading and investor’s overconfidence, why market institutions are organized as they are, and the role of public policy in the markets. Cross-listed with CMDT 6490, FNCE 4490 and FNCE 6490. Max hours: 3 Credits.
Grading Basis: Letter Grade

CMDT 4682 - Commodity Valuation and Hedging (3 Credits)
This course is a practical introduction to commodity markets. Students will learn how commodities are managed in the global markets from a hedgers, speculators and arbitrageurs point of view. Understanding the relationships between commodities and the global economy will be investigated. In addition, commodities will be looked at as an asset class and cross-asset relationships will be studied. Students will be introduced to futures and options markets analysis deploying strategies professional traders use in diverse market conditions. Students will work with the various trading software throughout the course and gain proficiency in real-world trading. Cross-listed with CMDT 6682. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate Business majors with junior standing or higher

CMDT 4782 - Commodity Data Analysis (3 Credits)
This course is an applied introduction commodity data analysis. Students will learn how to analyze commodity prices using quantitative and qualitative techniques. Relationships between commodities and the global economy will be investigated. In addition, commodities will be looked at as an asset class and cross-asset relationships will be studied. Students will be introduced to forecasting techniques and be able to develop and evaluate various forecasting models. Students will work with the open source Python software throughout the course and gain proficiency. Topics include: regression analysis, univariate models, non-stationarity, vector autoregressions, cointegration, volatility modeling, principal component analysis, Python programming, and other topics time permitting. Cross-listed with CMDT 6782. Max hours: 3 Credits.
Grading Basis: Letter Grade

CMDT 4802 - Foundations of Commodities (3 Credits)
This course introduces students to the physical aspects of commodities and connects them to the financial markets in which commodities are traded. Fundamental concepts and terminology necessary for understanding commodity production, transportation, economics, financial analysis and marketing are described. Supply chains for several specific commodities are reviewed in detail, as examples of the production and market structure knowledge needed to be successful professional participants in commodity trading capacities. The course also serves a foundation for more focused education in the specific commodity sectors, as well as the applied use of marketing and financial trading concepts learned in other courses. Cross-listed with CMDT 6802 and FNCE 4802/6802. Restriction: Restricted to undergraduate students at a junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate students at a junior standing or higher

Entrepreneurship (ENTP)

ENTP 1001 - Business Bound (1 Credit)
Junior Achievement and the Jake Jabs Center for Entrepreneurship offer this summer camp experience for high school students. Students will earn 1 college credit hour while learning what it takes to be an entrepreneur. They’ll hear from some of the most successful entrepreneurs and business leaders from across the state as they consider a path for their future. The week will culminate with a competition where one team will be crowned the JA Titan of Business. Max hours: 1 Credit.
Grading Basis: Satisfactory/Unsatisfactory
Typically Offered: Summer.
ENTP 3200 - The Fundamentals of Entrepreneurship (3 Credits)
Learn what it means to think like an entrepreneur and grow high-potential ideas in today's ever-changing business landscape. Resilience, resourcefulness, and creative problem solving are not only essential skills for future founders but also for those looking to create change and drive growth in startups and large companies. By understanding the basic principles of entrepreneurship, students can learn how to find innovative solutions, sell their ideas, and create growth in any organization. Max hours: 3 Credits.
Grading Basis: Letter Grade
Typically Offered: Fall, Spring.

ENTP 3201 - The Power of The Lean Startup (3 Credits)
Get to know the Lean Startup methodology, a research-driven process to develop new products and businesses with efficiency and minimized risk. This leading framework focuses on experimentation, customer feedback, and iterative design to increase a venture's competitive advantage and chances of success. Course topics include the methodology's history and benefits, as well as how to test hypotheses, collect data, create a minimal viable product, accelerate growth, pivot, and more. Max hours: 3 Credits.
Grading Basis: Letter Grade
Typically Offered: Spring.

ENTP 3210 - Leadership for New and Innovative Ventures (3 Credits)
This course provides students with an overview of key leadership principles for creating strategy and managing teams in a startup environment. It introduces leadership concepts critical to gaining true organizational commitment and focuses on case studies relevant to common business issues. By exploring what entrepreneurial leaders do and how visionary leadership is required to grow a venture, students will learn how to execute these concepts through measurable goals. Max hours: 3 Credits.
Grading Basis: Letter Grade
Typically Offered: Summer.

ENTP 3230 - Small Business Accounting and Finance (3 Credits)
This course is an introduction to the financial life of an entrepreneur. Students will learn the basics of small business accounting and finance so that they can recognize the key financial challenges that come with owning a business; know the potential sources of capital for a small business; prepare basic financial statements; analyze a business's liquidity, profitability, and capital structure; and understand a small business's tax obligations. This course counts as a pre-req to ENTP#3299. Max hours: 3 Credits.
Grading Basis: Letter Grade
Typically Offered: Fall.

ENTP 3240 - Developing Innovative Ideas for New Ventures (3 Credits)
This course is designed to prepare entrepreneurial-minded students to critically and objectively evaluate the feasibility of their ideas. Entrepreneurs are often fatally optimistic. Through projects and assignments, students will learn how to objectively test and validate the feasibility of an entrepreneurial idea through data-driven analytical and strategic planning. Additionally, this course will provide pragmatic applications of the course content by incorporating real-life case studies presented by practicing entrepreneurs as guest lecturers. Max hours: 3 Credits.
Grading Basis: Letter Grade
Typically Offered: Spring.

ENTP 3250 - High Impact Sales for Entrepreneurs (3 Credits)
Selling one's own concept to prospective customers and investors is very different from selling products in a corporate environment. In this course, students will learn how to get their message heard, get their ideal clients to want to work with them, and use their authentic brand to sell their small-business concept successfully. Max hours: 3 Credits.
Grading Basis: Letter Grade
Typically Offered: Fall.

ENTP 3299 - Build Your Business: Plan, Pitch, Launch (3 Credits)
Ever think about starting a business or want to know how? Take this class to find out why writing a thorough business plan and pitch is essential to transforming your idea into a reality. Students will learn how to use AI tools to evaluate the feasibility of their ideas and create an effective business plan through the process of "plan, pivot, plan, repeat." Students will then develop a winning pitch and get experience presenting and receiving feedback from experts along the way. This course runs concurrently with THE CLIMB, an annual pitch competition and event series, giving students the chance to compete outside of the classroom and win real cash prizes for their business. By the end of this course, students will have created their own business plan for a viable idea and will develop an entrepreneurial mindset to aid their future startup ventures and/or careers. Prereq: ENTP 3230 with a grade of C or ACCT 2200 with a grade of C- or higher is required. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: ENTP 3230 with a grade of C or ACCT 2200 with a grade of C- or higher is required.
Typically Offered: Spring.

ENTP 3900 - The Many Pathways to Entrepreneurship (3 Credits)
There is no one clear path to become a successful entrepreneur. This course invites students to learn from Denver's most innovative founders and C-suite executives by hearing their stories and visiting their businesses. Through group discussions, reflections, and experiential projects, students will identify both the similarities and variations across the different pathways to entrepreneurship as they develop their own entrepreneurial skillset and vision for their future career. Max hours: 3 Credits.
Grading Basis: Letter Grade
Typically Offered: Fall.

ENTP 4028 - Global Study Topics (3 Credits)
This course is reserved for CU Denver faculty-led study abroad experiences. The course topic will vary based on the location and course content. Students register through the Office of Global Education. Students can register for ENTP 4028 twice as long as they are for two different trips (for example: Cuba and Barcelona). Cross-listed with ENTP 6028, INTB 4028, and INTB 6028. Repeatable. Max hours: 6 Credits.
Grading Basis: Letter Grade
Additional Information: Global Education Study Abroad.

ENTP 4200 - Creating Impact Through Social Entrepreneurship (3 Credits)
This course is for anyone with aspirations to be a mission-driven entrepreneur, either within an existing organization or by starting their own. Learn about the evolving world of social entrepreneurship and how to create societal impact. By the end of this course, students will know how to advance an organization's social mission and increase effectiveness, accountability, and efficiency through market-based techniques. Max hours: 3 Credits.
Grading Basis: Letter Grade
Typically Offered: Spring.
ENTP 4840 - Entrepreneurship Independent Study (1-3 Credits)
This course is intended for research or other unique circumstances. Max hours: 3 Credits.
Grading Basis: Letter Grade

ENTP 4950 - Special Topics (3 Credits)
A variety of topics in entrepreneurship are offered. Consult the current "Schedule Planner" for semester offerings. Prereq: Topics vary. Repeatable. Max Hours: 9 Credits.
Grading Basis: Letter Grade
Repeatable. Max Credits: 9.

Finance (FNCE)

FNCE 1001 - Financial Literacy for Business (1 Credit)
The five day workshop on financial literacy will provide students with the opportunity to build a basic financial literacy toolkit, including managing your money, mastering credit & debt, investing, and planning for the future. Students will also learn about business in Denver. Max hours: 1 Credit.
Grading Basis: Letter Grade
Typically Offered: Summer.

FNCE 1100 - Introduction to Financial Management (3 Credits)
Fundamental tools and techniques applicable to financial planning of businesses. Covers valuation of securities, risk-return relationship, capital budgeting, management of current assets and liabilities with extension to international areas. Term offered: fall, spring. Max hours: 3 Credits.
Grading Basis: Letter Grade
Typically Offered: Fall, Spring.

FNCE 1200 - Introduction to Investing (3 Credits)
Fundamental tools and techniques applicable to financial planning of businesses. Covers valuation of securities, risk-return relationship, capital budgeting, management of current assets and liabilities with extension to international areas. Term offered: fall, spring. Max hours: 3 Credits.
Grading Basis: Letter Grade
Typically Offered: Fall, Spring.

FNCE 1500 - Introduction to Investment Services (1 Credit)
This class provides students with a broad overview of career opportunities in finance, focusing on financial services and banks. We first introduce several career paths in finance, and then briefly introduce the origins of money and banking. We turn to an in-depth study of the financial services industry, including the services provided by companies and listing financial services products as well as who develop and regulates those services. We map the skills (technical and personal) that are required for an individual to succeed in the industry. The course will have a special focus in companies in Colorado and the Colorado Investment Service Coalition (CISC). We close the course with mapping key ethics in the financial services industry. The course will address the full range of financial services careers, including investment and commercial banking, insurance, pension plans, risk management, mutual funds, e-commerce, and personal and business planning. Max hours: 1 Credit.
Grading Basis: Letter Grade

FNCE 2939 - Internship (1-3 Credits)
Repeatable. Max Hours: 3 Credits.
Grading Basis: Satisfactory/Unsatisfactory
Repeatable. Max Credits: 3.

FNCE 3000 - Principles of Finance (3 Credits)
This course provides an introduction to financial markets and institutions, financial statement analysis, interest rates and the time value of money, principles of security valuation, concepts of risk and return, and capital budgeting. Note: This course is required in the Business Core. A grade of 'C-' or better must be earned. Prereq: FNCE 3000 with a grade of 'C-' or better. Restriction: Restricted to undergraduate students with 45 credit hours or more. Max hours: 3 Credits.
Grading Basis: Letter Grade

FNCE 3450 - Introduction to Commercial Real Estate (3 Credits)
This course will provide a broad overview of the many service lines and asset classes within commercial real estate. Students will gain perspective into and hear from leaders within the various business functions that comprise the commercial real estate industry. We will also study how market cycles impact the utilization and valuation of commercial real estate. Students will also gain an understanding into the various types of, and the wide-ranging investment return criteria applied by, commercial real estate investors. This will include exploring the broad spectrum of investors from sole proprietors to global institutions and the return criteria they deploy, such as cash-flow and internal rate of return. Max hours: 3 Credits.
Grading Basis: Letter Grade

FNCE 3500 - Management of Business Capital (3 Credits)
Students learn the basic principles governing the management of capital in the business firm. Topics include management of working capital, cost of capital, capital budgeting, firm valuation, and theory and management of capital structure, grade of 'C' must be earned to take subsequent courses for which this course is a prereq. Prereq: FNCE 3000 with a grade of 'C' or better. Restriction: Restricted to undergraduate Business majors at a junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade

FNCE 3600 - Financial Markets and Institutions (3 Credits)
Focuses on the supply and demand for loanable funds, the process of money creation, the structure of interest rates, and the role of banks and the Federal Reserve in the financial system. Special attention is devoted to the impact of monetary and fiscal policies on interest rates, the flow of funds and economic activity; and the operation of financial markets and institution. Prereq: FNCE 3000 with a grade of C or higher. Restriction: Restricted to undergraduate Business majors at a junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade

FNCE 3930 - Internship (1-3 Credits)
Repeatable. Max Hours: 3 Credits.
Grading Basis: Satisfactory/Unsatisfactory
Repeatable. Max Credits: 3.
FNCE 3700 - Investment and Portfolio Management (3 Credits)
In this course students learn about the different types of investment vehicles, including methods to estimate their value and analyze their risk. They will also be introduced to portfolio management, including the identification of objectives and constraints and the analysis and use of investment information. Topics include the functioning of security markets, asset allocation, security valuation, and portfolio analysis. A grade of 'C' or better must be earned to receive credit for the course, and to take subsequent courses for which it is a prerequisite.
Note: FNCE 3700 and FNCE 3600 may be taken concurrently. Prereq: FNCE 3000 with a grade of C or higher. Restriction: Restricted to undergraduate Business majors at a junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: FNCE 3000 with a grade of C or higher. Restriction: Restricted to undergraduate Business majors at a junior standing or higher.

FNCE 3840 - Independent Study: FNCE (1-3 Credits)
Restriction: Restricted to undergraduate Business majors with junior standing or higher. Repeatable. Max Hours: 3 Credits.
Grading Basis: Letter Grade
Repeatable. Max Credits: 3.
Restriction: Restricted to undergraduate Business majors with junior standing or higher.

FNCE 3850 - Blockchain, Crypto Investing and Trading Strategy (3 Credits)
This class presents introduction to blockchain includes blockchain innovation tools, protocols and techniques and its application in the newly emerge cryptocurrency asset class. We then analyze the need and motives for the crypto, and how it disrupts the current and existing payment system. The final theme of the class focuses on the optimal cryptocurrency investment and presents robust trading strategy. Cross-listed with FNCE 6850. Prereq: FNCE 3000 with a C or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: FNCE 3000 with a C or higher.

FNCE 3939 - Internship (1-3 Credits)
Supervised experiences involving the application of concepts and skills in an employment situation. To enroll in an internship, students must work with the Experiential Learning Center on campus and have a 2.40 GPA or higher. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Repeatable. Max Hours: 9 Credits.
Grading Basis: Satisfactory/Unsatisfactory
Repeatable. Max Credits: 9.
Restriction: Restricted to undergraduate Business majors with junior standing or higher.

FNCE 4370 - International Financial Management (3 Credits)
Financial management in the international environment. Topics include international capital movements; international operations as they affect the financial functions; foreign and international institutions; and the foreign exchange process. Also considers foreign exchange theory and risk management, financial requirements, problems, sources, and policies of firms doing business internationally. Cross-listed with INTB 4370. Prereq: FNCE 3000 with a C or higher. Restriction: Restricted to undergraduate Business majors at a junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: FNCE 3000 with a grade of C or higher. Restriction: Restricted to undergraduate Business majors at a junior standing or higher.

Typically Offered: Fall, Spring, Summer.

FNCE 4382 - Survey of Financial and Commodity Derivatives (3 Credits)
This course introduces forward contracts, used in price risk management for millennia. We cover the properties of forward/futures contracts, structure of the markets and strategic implications for speculation and hedging. We price forwards from spot price, and introduce convenience yield. Options used for insurance purpose (think of your car insurance as a put option) is a more expensive way to manage risk; we cover option strategies and basic pricing. The course concludes with swaps, credit derivatives and structured products. Asset classes covered are equity, fixed income, currency, agriculture, energy (oil/gas and electricity) and metal/mining. Prereq: FNCE 3500 and FNCE 3700 with a grade of C or higher. Restriction: Restricted to undergraduate Business majors at a junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: FNCE 3500 and 3700 with a grade of C or higher. Restriction: Restricted to undergraduate Business majors at a junior standing or higher.

Typically Offered: Fall, Spring, Summer.

FNCE 4411 - International Corporate Governance (3 Credits)
Discusses the structure and goals of the modern corporation, the primary governance mechanisms used to help companies achieve these goals, and how and why these roles, goals, and mechanisms vary across nations. The topics covered in the course include managerial compensation, board of director structure and ethics, shareholder activism, and how governance structures differ across countries. Prereq: FNCE 3000. Cross-listed with FNCE 6411 and INTB 6411. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: FNCE 3000

FNCE 4424 - Corporate Restructuring (3 Credits)
Examines the processes and decisions by which mergers, takeovers and other corporate restructuring occur, the transactions occur. Analyzes merger and acquisition decisions as part of strategic decision making, and how firms are valued in mergers. Discusses the market for corporate control and the public policy implications of mergers and corporate governance. Prereq: FNCE 3500. Restriction: Restricted to undergraduate Business majors with a junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: FNCE 3500. Requisite: Restricted to undergraduate Business majors with a junior standing or higher.

FNCE 4470 - Behavioral Finance (3 Credits)
Over the past several decades, the field of finance has developed a successful paradigm based on the notions that investors and managers were generally rational and the prices of securities were generally "efficient." In recent years, however, anecdotal evidence as well as theoretical and empirical research has shown this paradigm to be insufficient to describe various features of actual financial markets. In this course we examine how the insights of behavioral finance complements the traditional paradigm and sheds light on the behavior of asset prices, corporate finance, and various Wall Street institutions and practices. Prereq: FNCE 3500 with a C or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: FNCE 3500 with a C or higher.
FNCE 4480 - Introduction to Financial Modeling (3 Credits)
Develops and implements financial models for purposes of financial planning and decision making. This course seeks to increase students’ knowledge and skill in the development of basic Excel-based financial planning models, including cash budgets, financial statements, and capital budgeting analysis. Knowledge of computer and spreadsheet software needed. Restriction: Restricted to undergraduate Business majors at a junior standing or higher. Prereq: FNCE 3000, FNCE 3500. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: FNCE 3000 and FNCE 3500. Restriction: Restricted to undergraduate Business majors at a junior standing or higher.

FNCE 4490 - Commodity Trading (3 Credits)
This is a co-listed class with the J.P. Morgan Center for Commodities and the Finance Department. This course focuses on how securities and futures contracts are designed and traded including trading exchange operations, regulation, trading mechanisms and processes. Students will learn the theory and practice of securities and futures contract trading with a focus on hands-on trading experience using industry software (CQG and Bloomberg) as well use of data sources (Morningstar). In this course, we will review the origins of liquidity, volatility, price efficiency, and trading profits. Next we will cover a host of topics concerning equity and commodity trade execution strategies, such as why and how investors trade, what and when investors profit from investing and speculating, the key principles of high-frequency trading and investor’s overconfidence, why market institutions are organized as they are, and the role of public policy in the markets. Cross-listed with CMDT 4490, CMDT 6490 and FNCE 6490. Max hours: 3 Credits.
Grading Basis: Letter Grade

FNCE 4500 - Corporate Financial Decisions (3 Credits)
This is a required capstone course for the financial management emphasis. It uses the case method to develop the analytical and decision making skills of students. Students are required to apply theories and concepts learned in previous finance and accounting classes to real world scenarios. Topical coverage includes financial analysis, planning, control, working capital management, long-term investment and financing decisions and corporate valuation. A grade of 'C' or better must be earned to receive credit towards graduation. Prereq: MATH 1060 or 1070 or MATH 1110 or MATH 1080 or MATH 1130 or MATH 1401 AND DSCI/BANA 2010 AND ACCT 2200 all with a C- or higher; ECON 2012 AND ECON 2022 with a D- or higher; FNCE 3000 AND FNCE 3500 AND FNCE 3700 all with a C or higher. Restriction: Restricted to undergraduate students at a senior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade

FNCE 4709 - Life and Health Insurance (3 Credits)
The course is designed to provide the student with the basic understanding of life and health insurance concepts. The course will focus on a needs analysis for individual life insurance needs in preserving an estate or creating an estate. We also focus on the needs of the family and the preservation of the income stream for meeting short and long term needs and how we accomplish this via life insurance. We also will look at life insurance in terms of business planning using such concepts as key person life insurance, funding buy sell agreements, and related needs. On the health side, we will use a needs analysis approach to provide health coverage for the individual and family. We also explore the employee benefits arena and how businesses will focus on providing group medical coverage and related benefits in an ever changing health care environment with health care reform being phased in. We also will explore the internal workings of life and health insurance companies by review. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate Business majors with junior standing or higher

FNCE 4750 - Business Intelligence and Financial Modeling (3 Credits)
This course will introduce students to the application of business intelligence in a corporate finance setting. Financial data intelligence is essential for effective decision making throughout the firm, in finance directly and in other functions supported by the finance department. Strategy setting, budgeting, and new product development are just a few decision areas where finance personnel play an active role. In this course, we learn how to apply business intelligence software tools to enable finance personnel to access and analyze corporate data in support of critical decision making across the enterprise. Students will also analyze data through the use of financial models built in Microsoft Excel. The development of complex financial models will provide students with valuable hands-on experience with a software tool used widely incorporate finance departments. Prereq: ISMG 2050 with a grade of C- or higher, FNCE 3000 and (ISMG 3000 or ACCT 4054) all with a grade of ‘C’ or higher. Restriction: Restricted to undergraduate Business majors at a junior standing or higher. Cross-listed with ISMG 4750 and ISMG 6820. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: ISMG 2050 with a grade of C- or higher, FNCE 3000 and (ISMG 3000 or ACCT 4054) all with a grade of ‘C’ or higher Restriction: Restricted to undergraduate Business majors at a junior standing or higher.

FNCE 4802 - Foundations of Commodities (3 Credits)
This course introduces students to the physical aspects of commodities and connects them to the financial markets in which commodities are traded. Fundamental concepts and terminology necessary for understanding commodity production, transportation, economics, financial analysis and marketing are described. Supply chains for several specific commodities are reviewed in detail, as examples of the production and market structure knowledge needed to be successful professional participants in commodity trading capacities. The course also serves a foundation for more focused education in the specific commodity sectors, as well as the applied use of marketing and financial trading concepts learned in other courses. Cross-listed with FNCE 6802 and CMDT 4802/6802. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate Business majors with junior standing or higher
International Business (INTB)

INTB 1000 - Special Topics (3 Credits)
This topics course at the 1000 level is designed to offer flexibility for the International Business department for lower division special topics classes that are occasionally offered. Students may enroll up to 3 times to total no more than 9 credits but the topics must differ for each course. Repeatable. Max hours: 9 Credits.
Grading Basis: Letter Grade
Repeatable. Max Credits: 9.
Typically Offered: Fall, Spring.

INTB 1111 - International Social Entrepreneurship (3 Credits)

Repeatable. Max Credits: 9.
Restriction: Restricted to undergraduate Business majors with junior standing or higher

Information Systems (ISMG)

ISMG 1001 - Exploring Cybersecurity (1 Credit)
Students will explore various aspects of cybersecurity with hands-on exercises and games, including ethical hacking, social engineering, computer and digital forensics, networking fundamentals, cyber threats, cybersecurity careers, ethics in cybersecurity, and online safety. No previous cybersecurity knowledge is required. Term offered: summer. Max hours: 1 Credit.
Grading Basis: Satisfactory/Unsatisfactory
Typically Offered: Summer.

ISMG 2050 - Business Problem Solving Tools (3 Credits)
This course focuses on the technology and problem-solving skills necessary for students to succeed both at school and in the business world. This course teaches how to make business decision using spreadsheets, databases and web tools. Students solve problems in statistics, accounting, finance, marketing, management and information systems. The objective is to provide students with problem solving methods and tools necessary to succeed in the business community. Restrictions: As a business core course, a grade of a ‘C-’ or better must be earned to satisfy Business graduation and prerequisites for other business courses. Max hours: 3 Credits.
Grading Basis: Letter Grade
Typically Offered: Summer.

ISMG 2075 - Introduction to Business Data (1 Credit)
Introduction to Business Data prepares students to use data sources to analyze and solve real-life business problems. It challenges students to use critical thinking and analysis to find efficient and effective solutions to real-life business situations. Students will use data to solve problems in accounting, finance, and information systems. It is intended for business students that have not satisfied the business data requirements of ISMG 2050. Prereq: Computer Competency and prior coursework covering spreadsheet software. Max hours: 1 Credit.
Grading Basis: Letter Grade
Typically Offered: Fall, Spring.

ISMG 2800 - Designing for the Web (3 Credits)
Students examine how the Web is evolving to support a variety of business needs. The course covers the design and usability principals necessary for improving online interactions via traditional websites as well as using technologies promoting collaboration and information sharing (e.g. social networks, blogs, wikis, forms). Topics include: the principles of web page and web site design; hypertext markup language, cascading style sheets, streaming video, online collaboration technologies; client and server scripting; and the process of testing and publishing web sites. Prereq or Coreq: ISMG 2050. If completed prior, must earn a C- or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Typically Offered: Fall, Spring.

ISMG 2800 - Designing for the Web (3 Credits)
Students examine how the Web is evolving to support a variety of business needs. The course covers the design and usability principals necessary for improving online interactions via traditional websites as well as using technologies promoting collaboration and information sharing (e.g. social networks, blogs, wikis, forms). Topics include: the principles of web page and web site design; hypertext markup language, cascading style sheets, streaming video, online collaboration technologies; client and server scripting; and the process of testing and publishing web sites. Prereq or Coreq: ISMG 2050. If completed prior, must earn a C- or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Typically Offered: Fall, Spring.
ISMG 3000 - Technology In Business (3 Credits)
Provides an introduction on how various technologies are utilized by organizations to drive business decisions and gain a competitive advantage. Students will learn how organizations can leverage information technology to streamline operations and become more efficient & effective. Students will be exposed to the concepts of: artificial intelligence, business intelligence, cybersecurity, data and information, e-business, ethical use of data, enterprise information systems, organizational responsibilities related to information technology, project management, systems development life cycle, and wireless communications. Note: Business core course therefore a grade of a 'C-' or better must be earned to satisfy graduation requirements. Restriction: Restricted to undergraduate students with 45 credit hours or more. Max hours: 3 Credits.
Grading Basis: Letter Grade
Typically Offered: Fall, Spring.

ISMG 3050 - Intermediate Excel for Business (1 Credit)
Spreadsheet software remains one of the essential digital skills required by businesses. In this course, you will learn key Excel skills including creating charts/graphs, filtering information, using pivot tables to summarize data, mastering Excel functions including sumif, countif, and vlookup. Cross-listed with ISMG 5050. Max hours: 1 Credit.
Grading Basis: Letter Grade
Typically Offered: Fall, Spring.

ISMG 3070 - Introduction to Tableau (1 Credit)
Tableau is a widely used business intelligence (BI) and analytics software that makes it easier for people to explore and understand data. This class introduces data management concepts and terminology, provides basic proficiency in analyzing and exploring data in Tableau. Students will transform raw data to meaningful visualizations and insights, create interactive dashboards and stories, and handle multiple data sources in Tableau. Cross-listed with ISMG 5070. Max hours: 1 Credits.
Grading Basis: Letter Grade
Typically Offered: Fall, Spring.

ISMG 3080 - SQL Foundations (1 Credit)
Structured Query Language (SQL or "Sequel") is a special-purpose language designed for managing data in a relational database and is necessary for careers dealing with data across many business roles. This class introduces students to data management concepts and terminology. This class will prepare you to extract data from relational databases using SQL syntax shared by many types of databases, such as PostgreSQL, MySQL, SQL Server, and Oracle. Cross-listed with ISMG 5080. Max hours: 3 Credits.
Grading Basis: Letter Grade
Typically Offered: Fall, Spring.

ISMG 3090 - Introduction to Python for Business (1 Credit)
Python is a high-level programming language used by companies like Google, Facebook, and JP Morgan to solve common business and decision problems. This course introduces the Python programming language and the Pandas data analysis package to enable students to write simple data manipulation and analysis programs. The course uses business applied cases and dataset to enable students to increase decision making efficiency and productivity. It introduces algorithmic thinking skills that are beneficial for every manager in today's data-rich economy and can also serve as a starting point for learning more advanced programming skills. Cross-listed with ISMG 5090. Max hours: 1 Credit.
Grading Basis: Letter Grade
Typically Offered: Fall, Spring.

ISMG 3110 - Data Governance and Ethics (3 Credits)
Most businesses and organizations recognize that data is valuable, yet many don’t know what to do with their vast amounts of data. In this course, students will learn to recognize the roles and responsibilities of data stakeholders, understand data’s ethical, legal, fiscal, and strategic implications, plan and create ethical data governance programs, and understand how to manage, monitor, and measure the effectiveness of such programs. Max hours: 3 Credits.
Grading Basis: Letter Grade
Typically Offered: Spring.

ISMG 3300 - Social Media in Business (3 Credits)
This course focuses on the fundamentals and practical skills of social media marketing. Topics include social interactions, social media metrics, social media ads, content marketing, viral and influencer marketing, the use of social media in marketing research, managing consumers via social media, as well as other trends in social media marketing. Students engage in hands-on applications including the creation and management of real brands’ social media marketing activities. Prereq: MKTG 3000 with a grade of C- or higher. Restriction: Restricted to undergraduate Business majors at a junior standing or higher. Cross-listed with MKTG 3300. Max hours: 3 Credits.
Grading Basis: Letter Grade
Typically Offered: Spring.

ISMG 3500 - Business Data and Database Management (3 Credits)
The success of today’s business often hinges on the ability to turn mountains of data into critical information to make right decisions quickly and efficiently. Databases are ubiquitous in today’s business environment and are the backbone of today’s organizations. This course introduces students to data storage, data retrieval, and data management using current business data management tools. This course emphasizes database design and Structured Query Language (SQL) with hands-on exercises. Prereq: ISMG 2050 with a grade of C- or higher or department approved equivalent transfer credit (may need 1-credit ISMG 3050 and/or ISMG 3070 as supplement). Max hours: 3 Credits.
Grading Basis: Letter Grade
D-BU ISMG 2050 C+BUSNU+Junior
Typically Offered: Fall.
ISMG 3600 - System Strategy, Architecture and Design (3 Credits)
This course is designed to provide the understanding of current concepts related to information systems development in an organizational context. It emphasizes the interactive nature of the analysis and design process. Topics include: requirements analysis, model based analysis and design; evaluating outsourcing, COTS and other systems acquisition options; and quality, six-sigma, and ethics in design. New concepts such as agile modeling and extreme programming are covered. ISMG 3500, database, is a recommended but not required co-requisite. Prereq: ISMG 2050 with a grade of C- or higher or department approved equivalent transfer credit (may need 1-credit ISMG 3050 and/or 3070 as supplement). Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: ISMG 2050 with a C- or higher.
Typically Offered: Spring.

ISMG 3939 - Internship (1-3 Credits)
Supervised experiences involving the application of concepts and skills in an employment situation. To enroll in an internship, students must work with the Experiential Learning Center on campus and have a 2.40 GPA or higher. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Repeatable. Max Hours: 9 Credits.
Grading Basis: Satisfactory/Unsatisfactory
Repeatable. Max Credits: 9.
Restriction: Restricted to undergraduate Business majors with junior standing or higher.

ISMG 4028 - Travel Study Topics (3 Credits)
Join your classmates in an international travel study course to understand the business operations of another culture. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Repeatable. Max Hours: 9 Credits.
Grading Basis: Letter Grade
Repeatable. Max Credits: 9.
Restriction: Restricted to undergraduate Business majors with junior standing or higher.

ISMG 4200 - Building Business Applications (3 Credits)
Examines how software platforms for mobile business applications are designed and implemented. Usability, logic, and platform selection issues are highlighted through the development of simple mobile business systems. Includes programming concepts, interface design; storing, retrieving, and manipulating information; real time decision making; platform selection, testing and deployment. Prereq: ISMG 2800 with a D- or higher. Coreq: ISMG 3500. As a corequisite, ISMG 3500 can be taken concurrently or completed prior. If completed prior, must earn a D- or higher. Restriction: Restricted to undergraduate Business majors at a junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: ISMG 2800 Coreq: ISMG 3500 Restriction: Restricted to undergraduate Business majors at a junior standing or higher
Typically Offered: Fall.

ISMG 4300 - Information Systems Security and Privacy (3 Credits)
This course is designed to develop knowledge and skills for security of information and information systems within organizations. This course focuses on concepts and methods associated with planning, designing, implementing, managing, and auditing security at all levels and on all systems platforms, including enterprise systems. This course presents techniques for assessing risk associated with accidental and intentional breaches of security as well as disaster recovery planning. The ethical treatment of data is discussed. Prereq or Coreq: ISMG 3000. As a prerequisite, a grade of C- or higher is required. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Cross-listed with ISMG 6430. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq or Coreq: ISMG 3000. As a prerequisite, a grade of C- or higher is required. Restriction: Restricted to undergraduate Business majors with junior standing or higher
Typically Offered: Spring.

ISMG 4400 - Programming Fundamentals with Python (3 Credits)
This course is designed to provide a thorough introduction to Python and fundamental programming concepts like data structures, networked application program interfaces, files and databases. Principles of object-oriented programming and secure programming practices are demonstrated using programming constructs taken from the business domain. Students are required to design and create their own applications for data retrieval, processing, and visualization. Restriction: Restricted to undergraduate Business majors at a junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate Business majors with junior standing or higher
Typically Offered: Fall, Spring.

ISMG 4700 - IT Infrastructure (3 Credits)
This course provides in-depth knowledge of data communications and networking requirements utilized in an organization. Networking models, devices, optimization, and security of those devices, including troubleshooting, is covered. Management of telecommunications networks, cost-benefit analysis, and evaluation of connectivity options is covered. Students learn to evaluate, select, and implement different communication devices within an organization. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate Business majors with junior standing or higher
Typically Offered: Spring.
ISMG 4750 - Business Intelligence and Financial Modeling (3 Credits)
This course will introduce students to the application of business intelligence in a corporate finance setting. Financial data intelligence is essential for effective decision making throughout the firm, in finance directly and in other functions supported by the finance department. Strategy setting, budgeting, and new product development are just a few decision areas where finance personnel play an active role. In this course, we learn how to apply business intelligence software tools to enable finance personnel to access and analyze corporate data in support of critical decision making across the enterprise. Students will also analyze data through the use of financial models built in Microsoft Excel. The development of complex financial models will provide students with valuable hands-on experience with a software tool used widely incorporate finance departments. Prereq: ISMG 2050 with a grade of ‘C-’ or higher, FNCE 3000 and ISMG 3000 (ACCT 4054 may substitute for ISMG 3000) all with a grade of ‘C-’ or higher. Cross-listed with FNCE 4750 and ISMG 6820. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: ISMG 2050 with a grade of ‘C-’ or higher, FNCE 3000 and ISMG 3000 (ACCT 4054 may substitute for ISMG 3000) all with a grade of ‘C-’ or higher. Restriction: Restricted to undergraduate Business majors at a junior standing or higher.

ISMG 4760 - Customer Relationship Management (3 Credits)
This marketing-theory driven course examines customer relationship management (CRM) as a key strategic process for organizations. Composed of people, technology and processes, effective CRM optimizes the selection or identification, acquisition, growth and retention of desired customers to maximize profit. Besides presenting an overview of the CRM process, its strategic role in the organization and its place in marketing, students have an opportunity to create simulated CRM database using popular software package that help to illustrate what CRM can do, its advantages and limitations. Prereq: MKTG 3000 and ISMG 3000 both with a grade of ‘C-’ or higher. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Cross-listed with MKTG 4760. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: MKTG 3000 and ISMG 3000 both with a grade of ‘C-’ or higher. Restriction: Restricted to undergraduate Business majors with junior standing or higher.

ISMG 4785 - Ethics: A Formula for Success (3 Credits)
Students will learn how to spot and address red flags that foster unethical behavior in both publicly-traded and privately-held businesses. Governance and stakeholder management techniques that incentivize ethical behavior will be highlighted using examples of companies that are financially successful by “doing the right thing.” Principle-based ethics are emphasized, namely, integrity, trust, accountability, transparency, fairness, respect, viability, and compliance with the rule of law. Cross-listed with MGMT 3420, MGMT 6420, ISMG 6885. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate Business majors with junior standing or higher

ISMG 4840 - Independent Study (1-8 Credits)
Restriction: Restricted to undergraduate Business majors with junior standing or higher. Repeatable. Max Hours: 8 Credits.
Grading Basis: Letter Grade
Repeatable. Max Credits: 8.
Restriction: Restricted to undergraduate Business majors with junior standing or higher

ISMG 4860 - Ethical Hacking Concepts and Methodologies (3 Credits)
From a technical perspective, organizations need to know how hackers work so that they can build their security around it and take preemptive measures against future attacks. The goal of ethical hacking is to understand current exploits and assess weaknesses and vulnerabilities of various organizational information systems by attacking them within legal limits. This course is designed to provide students an insight into current hacking tools and techniques used by hackers and security professionals to break into any computer systems. Throughout the course, students will engage in offensive and defensive hands-on exercises stressing ethical hacking and penetration testing that will be conducted in a vendor-neutral virtual environment. Topics include security threats and attack vectors, footprinting and reconnaissance, Google hacking, social engineering, insider threat, network scanning and enumeration techniques, vulnerability assessment, the Dark Web, and attack and defense strategies in emerging technologies, such as the Internet of Things (IoT) and cloud computing. Recommendation: ISMG 4700 or equivalent is advised, but not required, to take course. As a recommendation, ISMG 4700 can be taken concurrently or completed prior. Cross-listed with ISMG 6860. Max hours: 3 Credits.
Grading Basis: Letter Grade
Typically Offered: Fall, Spring.

ISMG 4865 - Digital Forensics Analysis (3 Credits)
From cyberterrorism to identity theft, the digital age has brought about a change in how crime is being committed. The usage of computers and the Internet in crime has led to the emerging field of digital forensics. Most businesses employ digital forensic experts to identify cyber threats, protect against insider threats, reinforce data loss prevention, reduce the risk of identity theft, fraud, and other digital crimes, and aid in the collection of digital evidence for various investigations. This course is designed to provide students the necessary skills to perform an effective digital forensics investigation. It presents a methodological approach to digital forensics, including searching and seizing, chain-of-custody, acquisition, preservation, analysis, and reporting of digital evidence. It covers major forensic investigation scenarios that enable students to acquire necessary hands-on experience on various forensic investigation techniques and standard forensic tools required to successfully carry out a digital forensic investigation leading to the prosecution of perpetrators. Cross-listed with ISMG 6865. Max hours: 3 Credits.
Grading Basis: Letter Grade
Typically Offered: Fall, Spring.
ISMG 4900 - Project Management and Practice (3 Credits)
Covers the factors necessary for successful management of enhancement projects. Both technical and behavioral aspects of project management are discussed. The focus is on management of development for enterprise-level systems. Topics include: managing the system lifecycle; requirements determination, logical design, physical design, testing, implementation; metrics for project management; managing expectations: superiors, users, team members and others related to the project; determining skill requirement and staffing the project; cost-effectiveness analysis; reporting and presentation techniques; effective management of both behavioral and technical aspects of the project; change management. Oral and/or written communication skills are applied in this course. Oral and/or written communication skills are applied in this course. Note: Successful completion of this course meets the educational requirements to sit for both the PMP and CAPM exams. Prereq: Students must be a junior status and have completed either: 1. ISMG 3000 or ACCT 4054 and MGMT 3000 and MKTG 3000, OR 2. ISMG 3000 and ISMG 3500 and ISMG 3600. Restriction: Restricted to undergraduate students in the Business School.
Max hours: 3 Credits.
Grading Basis: Letter Grade

ISMG 4950 - Special Topics (3 Credits)
Seldom offered. This course varies from offering to offering. Typically, it is a research-oriented course exploring new developments in information systems. Prerequisites vary according to topic. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Repeatable. Max Hours: 9 Credits.
Grading Basis: Letter Grade
Repeatable. Max Credits: 9.
Restriction: Restricted to undergraduate Business majors with junior standing or higher

Management (MGMT)

MGMT 1000 - Introduction to Business (3 Credits)
The business and economic landscape is introduced illustrating the challenges and opportunities in today's business environment. A foundation of traditional business disciplines is introduced including the principles and terminology employed in Marketing, Management, Finance, Accounting, Operations, and Economics. Prereq: Open to freshman and sophomores, non-degree students and music majors at all levels. Cross-listed with BMIN 1000. Max hours: 3 Credits.
Grading Basis: Letter Grade
Typically Offered: Fall, Spring, Summer.

MGMT 1111 - Business Freshman Seminar (3 Credits)
This course introduces students to the nature and role of business in our society. Career opportunities in business are also considered. This course is designed to assist first year students transition to life on campus. The course content is integrated with various activities designed to familiarize 1st year students with school resources, develop critical thinking and writing skills and build relationships critical to ongoing academic success. Students are advised to take this course during the first semester of their freshman year. Note: Credit will not be given for both MGMT 1111 and MGMT 1000. Restriction: Restricted to Freshman level students. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to Freshman level students
Typically Offered: Fall, Spring.

MGMT 2939 - Internship (1-3 Credits)
Repeatable. Max Hours: 3 Credits.
Grading Basis: Satisfactory/Unsatisfactory
Repeatable. Max Credits: 3.

MGMT 3000 - Managing Individuals and Teams (3 Credits)
Focuses on helping students understand how to manage individuals and groups effectively. Students are encouraged to know themselves better and how their behavior affects how they deal with organizational situations; they also learn how individuals differ and how to design, manage and work in a team. Oral and/or written communication skills are applied in this course. This is a business core course therefore a grade of a 'C-' or better must be earned to satisfy graduation requirements.
Restriction: Restricted to undergraduate students with 45 credit hours or more. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate students with 45 credit hours or more.
Typically Offered: Fall, Spring, Summer.

MGMT 3010 - Managing People for a Competitive Advantage (3 Credits)
Provides an overview of the management of human resources in organizations. Areas of study include recruitment, selection, training, career development, performance appraisal, compensation and employee or labor relations. Restriction: Restricted to undergraduate students with 45 credit hours or more. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate students with 45 credit hours or more.

MGMT 3111 - Business Transfer Student Seminar (1 Credit)
This course is designed to assist first year transfer students transition to UC Denver. The course includes various activities designed to familiarize students with University and Business School resources, develop critical thinking, writing, time management and study skills, and build relationships critical to ongoing academic success. Students are advised to take this course during their first or second semester at UC Denver. Concurrent registration in MGMT 3000 is required. Cross-listed with MGMT 3000. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Max hours: 1 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate Business majors with junior standing or higher
MGMT 3420 - Ethics: A Formula for Success (3 Credits)
Students will learn how to spot and address red flags that foster unethical behavior in both publicly-traded and privately-held businesses. Governance and stakeholder management techniques that incentivize ethical behavior will be highlighted using examples of companies that are financially successful by “doing the right thing.” Principle-based ethics are emphasized, namely, integrity, trust, accountability, transparency, fairness, respect, viability, and compliance with the rule of law. Cross-listed with MGMT 6420, ISMG 4785, and ISMG 6885. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate Business majors with junior standing or higher

MGMT 3830 - Business and Sustainability (3 Credits)
Business activity can have significant environmental and societal impacts. This course examines some of the ways that companies and consumers are reducing their impact on communities and the environment. Sustainability issues will be considered from a management, finance, marketing, and consumer perspective. Climate change and renewable energy will be featured topics in the class. Prereq: MKTG 3000. Cross-listed with MGMT 4830. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate Business majors with junior standing or higher

MGMT 3939 - Internship (1-3 Credits)
Supervised experiences involving the application of concepts and skills in an employment situation. To enroll in an internship, students must work with the Experiential Learning Center on campus and have a 2.40 GPA or higher. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Repeatable. Max Hours: 9 Credits.
Grading Basis: Satisfactory/Unsatisfactory
Repeatable. Max Credits: 9.
Restriction: Restricted to undergraduate Business majors with junior standing or higher

MGMT 4028 - Travel Study Topics (3 Credits)
Join your classmates in an international travel study course to understand the business operations of another culture. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Cross-listed with MGMT 6028. Repeatable. Max Hours: 9 Credits.
Grading Basis: Letter Grade
Repeatable. Max Credits: 9.
Restriction: Restricted to undergraduate Business majors with junior standing or higher
Additional Information: Global Education Study Abroad.
Typically Offered: Fall, Spring, Summer.

MGMT 4100 - Leveraging Diversity and Inclusion in Business (3 Credits)
Practical and policy issues that arise from living and working in a multicultural world in order to promote informed, effective management. Particular emphasis is given to the development of innovative approaches to managing the challenges posed by a work force that differs in characteristics, such as race, gender, ethnicity, age, lifestyle and disability. Restriction: Restricted to undergraduate students at a junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate students at a junior standing or higher
Additional Information: Denver Core Requirement, Cultural Diversity.
Typically Offered: Fall, Spring.

MGMT 4140 - Negotiation Skills/Property: Effective Strategies (3 Credits)
Course covers real and personal property law, including ownership, title, landlord/tenant, easements, environmental law, and zoning. Emerging issues in intellectual property are also reviewed, including U. S. law and international treaties and agreements. Negotiation techniques through role-playing are emphasized. NOTE: This course is an elective course and my not be used to fulfill the CORE BLAW 3050 course. Meets concurrently with BLAW 4140. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate Business majors with junior standing or higher

MGMT 4200 - Sports Management (3 Credits)
This course is designed as a speaker series of sports and entertainment industry elite focusing on: industry trends, strategic planning, managing revenue streams, managing media, managing for effectiveness, managing post-merger integration, leadership and leading change. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Restriction: Restricted to undergraduate Business majors with junior standing or higher
Typically Offered: Fall, Spring.

MGMT 4231 - Managing Sports Finance (3 Credits)
This course explores the problems and solutions of financing in the sports industry. It focuses on stadium/venue financing, sports team valuation, event guarantee estimation, player salary issues, and managing disparate revenue streams. The course utilizes speakers, articles, problem sets, and cases. Prereq: DSCI/BANA 2010 and ACCT 2200 both with a grade of C- or higher, ECON 2012 and ECON 2022. Coreq: FNCE 3000. Restriction: Restricted to undergraduate Business majors with junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: DSCI/BANA 2010 and ACCT 2200 both with a grade of C- or higher, ECON 2012 and ECON 2022 Coreq: FNCE 3000 Restriction: Restricted to undergraduate Business majors with junior standing or higher
MGMT 4330 - Mastering Management (3 Credits)
Experiential learning course designed to give students hands-on practice
developing critical management skills such as: negotiation, conflict
management, group consensus-building, and interpersonal feedback
and communication. Prereq: MGMT 3000 with a grade of C- or higher.
Restriction: Restricted to undergraduate Business majors at a junior
standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: MGMT 3000 with a grade of C- or higher. Restriction: Restricted to
undergraduate Business majors at a junior standing or higher.

MGMT 4350 - Leading Organizational Change (3 Credits)
Focuses on the tasks and skills of a leader in leading organizational
changes. Topics include: diagnosing problems, creating urgency, building
the change team, creating a vision, implementing change strategies,
sustaining the momentum and making change stick. These tasks and
skills are studied in various organizational change contexts. Prereq:
MGMT 3000 with a grade of C- or higher. Restriction: Restricted to
undergraduate Business majors at a junior standing or higher. Term
offered: Fall, Spring, Summer. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: MGMT 3000 with a grade of C- or higher. Restriction: Restricted to
undergraduate Business majors at a junior standing or higher.

MGMT 4370 - Organization Design (3 Credits)
Examines how to structure organizations to perform effectively.
Addresses the effects of computer-based information technologies (e.g.
intranets, extranets, and the internet) on firm structure, strategy, and
culture. Emphasis is placed on the role of the task, technology, and the
environment as constraints on organizational design. Prereq: MGMT 3000
with a grade of C- or higher. Restriction: Restricted to undergraduate
Business majors at a junior standing or higher. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: MGMT 3000 with a grade of C- or higher. Restriction: Restricted to
undergraduate Business majors at a junior standing or higher.

MGMT 4400 - Environments of International Business (3 Credits)
An overview of the environmental complexities that arise when business
activities and firms cross national borders. Key international business
environmental complexities associated with country differences, cross-
border trade and investment, and global monetary system are examined.
Prereq: MGMT 3000 with a grade of C- or higher. Restriction: Restricted to
undergraduate Business majors at a junior standing or higher and SPAN-
BA majors with a SPP subplan at junior level. Cross-listed with INTB 4400.
Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: MGMT 3000 with a grade of C- or higher Restriction: Restricted to
undergraduate Business majors at a junior standing or higher and SPAN-
BA majors with a SPP subplan at junior level.
Additional Information: Denver Core Requirement, International
Perspectives.

MGMT 4410 - Operations of International Business (3 Credits)
Focuses on the impact of environmental factors on international
business operations and the identification and analysis of complex
strategic and operational issues facing business firms in global markets.
The strategies and structures of international businesses, alternative
foreign market entry modes, and the unique roles of various business
functions at international business firms are explained and assessed.
Prereq: INTB 4400 or MGMT 4400 with a grade of C or higher. Restriction:
Restricted to undergraduate Business majors at a junior standing or higher.
Cross-listed with INTB 4410. Max hours: 3 Credits.
Grading Basis: Letter Grade
Prereq: INTB 4400 or MGMT 4400 with a grade of C or higher. Restriction:
Restricted to undergraduate Business majors at a junior standing or higher.

MGMT 4420 - HR: Talent MGT (3 Credits)
This course explores the many aspects of Talent Management
including strategic talent planning, recruiting and acquisition, employee
development, performance management, engagement and retention,
succession planning, and compensation, with a strong focus on
recruitment and acquisition. The course demonstrates how each aspect
of Talent Management is interdependent. Coreq: MGMT 3010. As a
corequisite, MGMT 3010 can be taken concurrently or completed prior.
If completed prior, must earn a D- or higher. Restriction: Restricted to
undergraduate Business majors with junior standing or higher. Max
hours: 3 Credits.
Grading Basis: Letter Grade
Prereq or Coreq: MGMT 3010. If completed prior, must earn a D- or higher.
Restriction: Restricted to undergraduate Business majors with junior
standing or higher.

MGMT 4430 - Human Resources Management: Training (3 Credits)
Demonstrates the importance of aligning training initiatives to business
strategy, while considering learning theories and learner preferences.
