LATINX STUDIES UNDERGRADUATE CERTIFICATE

Introduction
Please click here (http://catalog.ucdenver.edu/cu-denver/undergraduate/schools-colleges-departments/college-liberal-arts-sciences/ethnic-studies/) to see Ethnic Studies department information.

Latin studies integrates the study of Latinx communities in the United States with analysis of the histories, politics, cultures, and societies of Latin America and the Caribbean. Latin Studies certificate courses deal with changing political, social, economic and cultural realities, including immigration and transnational communities; gender, racial, sexual, and ethnic identities; social movements; diverse forms of cultural expression; ongoing political and economic restructuring in Latin America; and the challenges of political and economic empowerment for Latinx communities in the United States.

A Latinx certificate prepares students to work with Latinx communities in the United States or abroad in a wide variety of careers, including teaching, higher education administration, community organizing, community and government service, journalism and the media, environmental science, global economics, health care, legal services, library science, music, publishing, and research.

Additional information about the Latinx Studies certificate may be obtained from Ethnic Studies.
